## Stoma Care Torso

AR150

AR150-B

The Stoma Care Torso offers realistic training for colostomy, ileostomy, and urostomy care.

Featuring five interchangeable stomas with a highly realistic look and feel, the torso supports both healthcare professionals in developing clinical skills and patients in gaining confidence with self-training. Simple to set up and straightforward to use, it is compatible with barrier creams, dressings, and a range of stoma care products, providing a durable and practical platform for hands-on experience in essential management techniques.

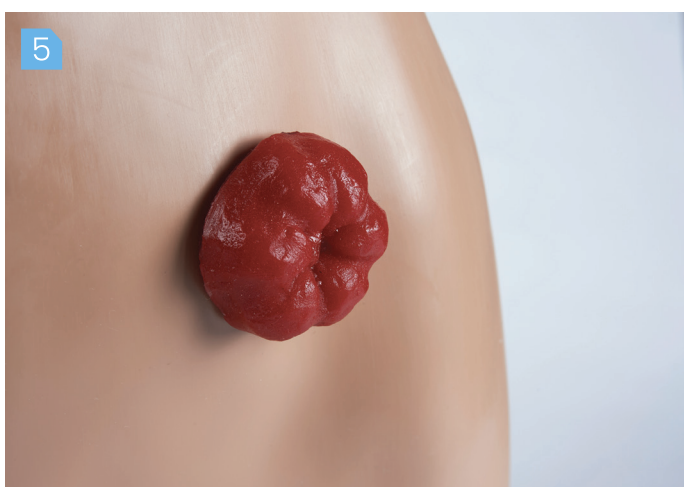

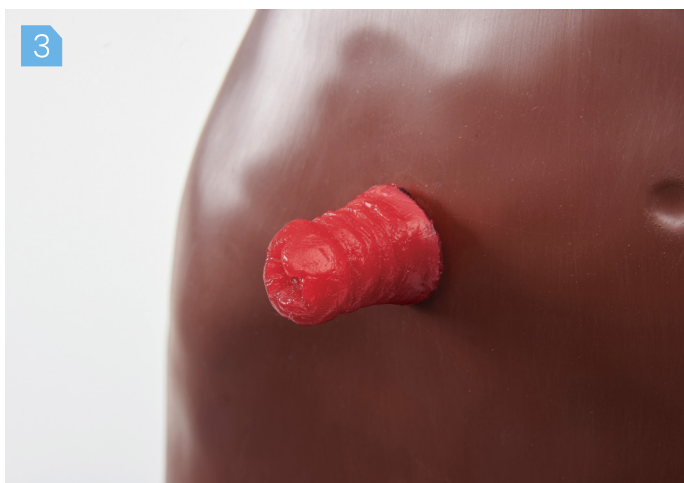

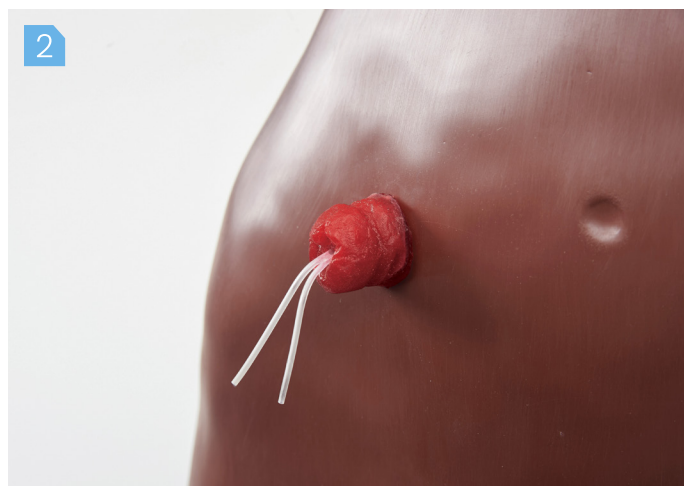

Durable and versatile, it is ideal for repeated use in classrooms, clinical skills centres, or patient education, supporting consistent practice and feedback while helping both professionals and patients to build confidence, competence, and familiarity with essential stoma care procedures.

### Skills

- The Stoma Care Torso is designed to train healthcare professionals involved in caring for patients with a colostomy, ileostomy or urostomy
- An invaluable tool also for patient self-training
