Transparent Torso Models

Nature is our model

MT62/2 • TRANSPARENT MUSCLE TORSO MODEL WITH HEAD

Natural size, made of special plastic. The transparent model shows the skeletal system in conjunction with the topography of the intestines. The cranial bones are not shown in order to expose the brain and the blood vessels supplying it. In one piece. On a green base. Height: 106 cm (torso 103 cm), width: 46 cm, depth: 30 cm, weight: 15 kg
